Future Partner,

Thank you for your interest in Keystone Fabricating. We are an SBA certified HUB zone business. We take pride in custom precision metal fabricating and we have been in business since 1979. Since 1995, Keystone has been 100% woman owned by Beverly Vogt. We are located in Bethlehem, PA. Our customers are located throughout the United States and are comprised of electrical, pharmaceutical, computer, food service any many more companies.

With 28,000 square feet of state of the art manufacturing space and 30 employees, Keystone is capable of fabricating all types of metal ranging from .010" up to 1/4" thickness. Parts can range in size from small brackets to large enclosures, prototypes or long runs, including computer cabinetry, OSHA guards and conveyor frames for the OEM industry. Our expertise lies in custom fabricating sanitary stainless steel for pharmaceutical and food service industries. That wide range capability allows us to make a distinctive and substantial impact on our customer needs. We are also very competitive in the architectural and construction fields. Our diversified capability range continues to grow. Our service and quality production has established an unparalleled reputation in the custom fabricating industry. We look forward to solving your challenging project requirements.

We are proud of our dedicated employees and expanding facility. We invite you to arrange an appointment to visit us, tour our site and discuss your fabricating requirements. Our commitment to our customers is to produce a superior product at a competitive price with timely deliveries.

We look forward to quoting your fabricating requirements. Please feel free to mail your drawings to our estimating department. If more convenient, you may email to [cgreener@keystonefabricating.com](mailto:cgreener@keystonefabricating.com) .

Please call with any questions. We look forward to building a long lasting, mutually rewarding business relationship.

**QUALITY RECOGNIZED – NEVER COMPROMISED**
